

# Spoon Ant

## Supplies:

- 2 - Black or Red Plastic Spoons
- 2- 7mm Self Adhesive Googly Eyes
- 4 1/2 - Black or Red Pipecleaners
- Scissors

1. Cut approximately an inch off of the handle of each spoon.
2. Use three pipe cleaners to make the legs winding them around the middle of the ant. Then wind another pipe cleaner in between the legs to make the middle part thicker.

3. When wrapping the pipecleaners, wrap the middle one first. Wrap the other two sets of legs next and then fill in the space in between with the remaining pipecleaners.
4. To finish glue on googly eyes.
